Congratulations to the Class of 2015!

You will return to this publication of the Hilltop for years to come, and it will serve as a positive reminder of and tribute to your shared experiences from your years here at Saint Michael's College.

When you first came you suspected that you would learn on many different dimensions, as well as creating supportive relationships with each other, combined with a genuine desire to succeed. You have learned to be open to others, both because you have so much to learn from each individual that you encounter and because each individual has a humanity that demands attention. Intellectually, you understand this good world differently than you did when you arrived.

For the part in which faculty and staff assist in this development, I wish to express my deep gratitude for their enduring dedication to the College and to the Class of 2015. They have been a part of your education these past four years and I hope many relationships begun here will continue for a very long time. In turn, the institution has benefited from your presence during the past four years; you will be missed.

Saint Michael's College has a lasting impact on us all. Now that you have joined the ranks of the alumni, you will notice this strengthens your bond not only to the College, but to all you have learned as part of an engaged community of learning.

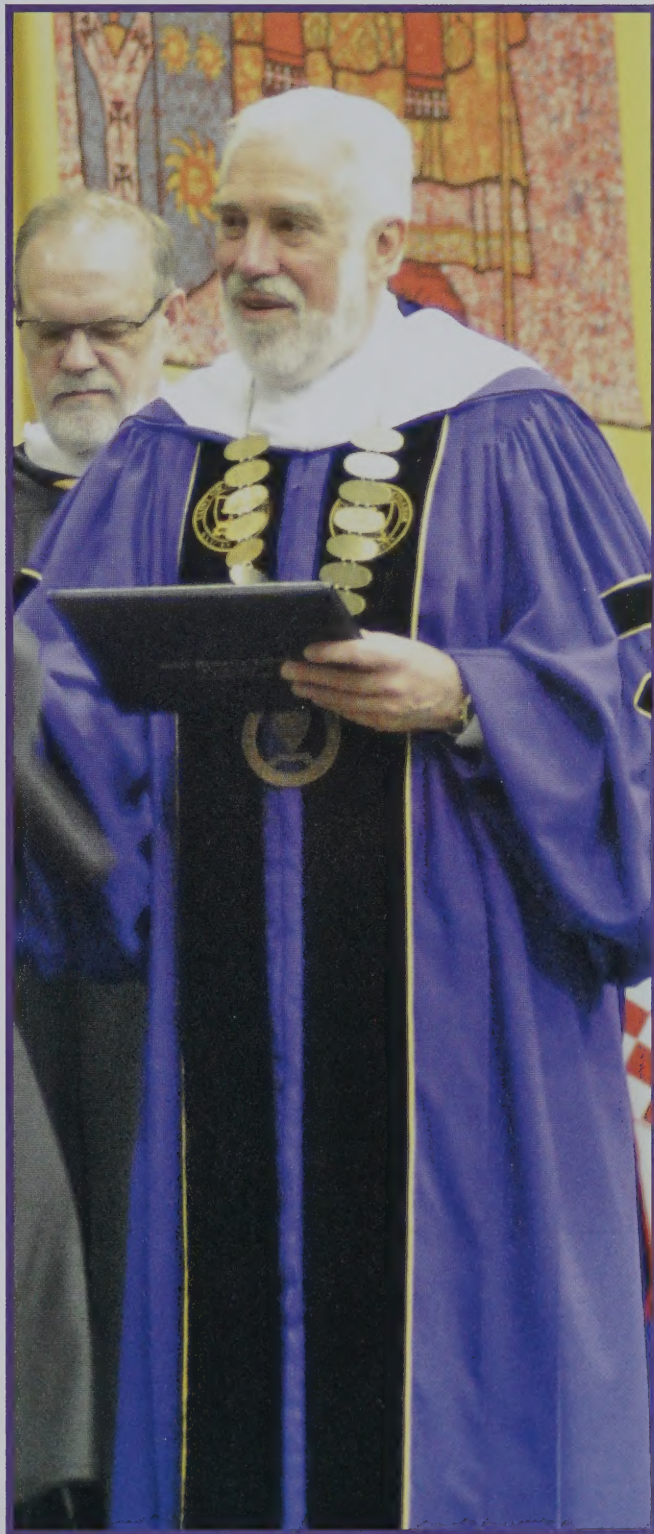

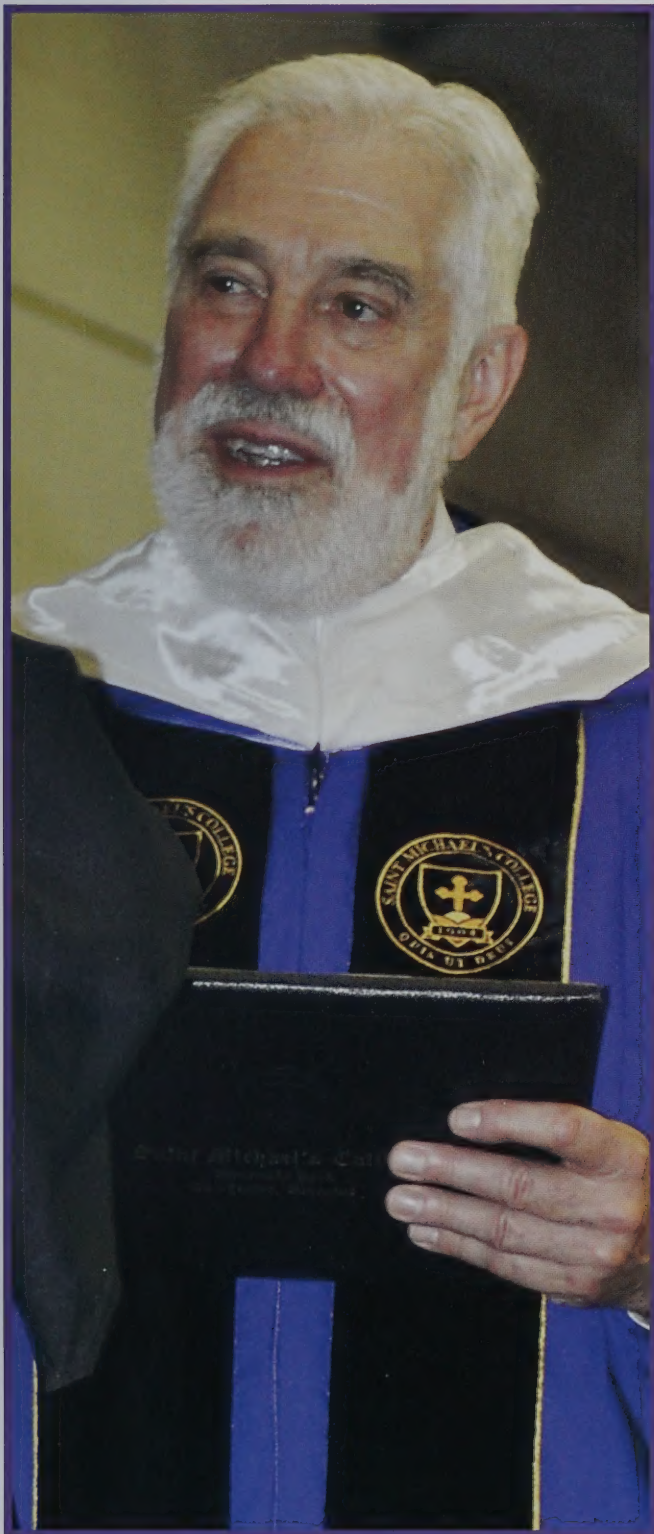

You have my best wishes for success in all your endeavors. Please visit us on this plain next to a lake and beneath a mountain as often as you are able.

Yours sincerely,

John J. Neuhauser

# Dedication

Herb Brooks once said, "Great moments are born from great opportunities," and those are the moments this man has given us.

The 2015 Yearbook is dedicated to a man who defines dedication. In fact, if you were to look him up in the dictionary, you would find his face looking back at you, captioned "Who loves ya? Lou loves ya."

Many of us still recount that first-year meeting with him in the Fall of 2011 in the McCarthy Recital hall. We were still meeting new friends, unsure about life in college and starting Orientation when this man, with an accent I never heard before, got up and said, "Ya boozing. Ya loozing," and the rest was history. We would soon find out that scary man was not so scary or intimidating, but in fact our biggest advocate who continues to go above and beyond the call of duty in every aspect of his life. He is there for us when we need to talk to him about life, he is with us to share a laugh, get us through a difficult time or just listen. He wants the best for his students and for this community because in his eyes we are all his family.

Not only do we love him but so do his colleagues. They say he is:

"Understanding."

"A treasure. A true gem."

"A true family man."

"How can you not love the guy?"

"Once he learned not to carry his hockey stick to disciplinary encounters in his first year, he was a first rate educator!"

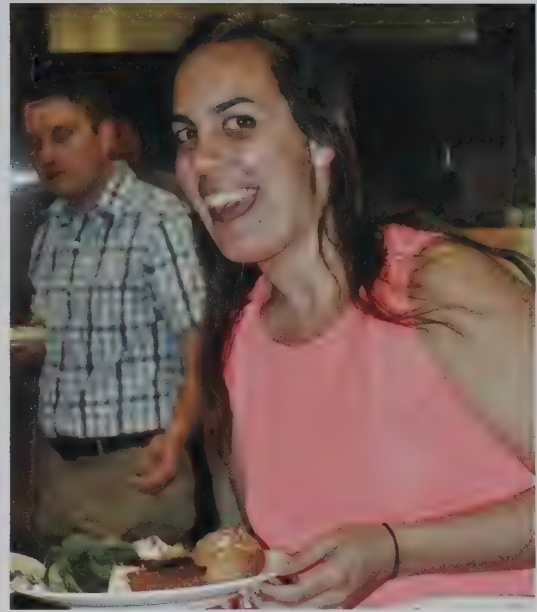

"Lou's façade of hard guy along with his very caring heart has been a gift to students for many years."

"He is just a great guy and a great friend."

He has been part of this community for over thirty years and he continues to do the right thing. He was a member of the Resource Center, a Resident Director, an A+ Hockey Coach, and a dedicated member of Student Affairs. You help make this family, our community, great and we are so thankful. You have been heard to say, "...there are no bad students, just students who make bad choices." That is very true, but you make us better. The Class of 2015 is humbled to present you with the 2015 Yearbook Dedication. And we know this is only the beginning; we still have "more to come..."

LeMieux '35 Award).

On May 7, 1997, Geraldine S. Knortz, Ed.D., became the fifth director of athletics in the College's 93-year history, and the first woman to ever hold the position. The Saint Michael's Department of Athletics has been lauded frequently under Knortz's guidance, including when it earned a 2008 NCAA Diversity in Athletics Award for gender equity compliance. During Knortz's tenure, the overall student-athlete grade-point average has improved to higher than 3.0, exceeding that of the general student body. Knortz has also provided leadership opportunities for staff and student-athletes alike. In 2011, she established the Purple Knight Leadership Academy (PKLA) for both staff and student-athletes who were identified as veteran or emerging leaders. Knortz has left a lasting impression after 18 years of service to the Saint Michael's athletic community and will be greatly missed.

# Letter from Editor

When I was a little girl, my grandfather told me to never grow old. Now, with each passing birthday he still tells me that time goes by quicker and quicker the older you get; and I still promise him I will stay young forever. Yet, he would be sad to know that I already feel the truth of what he has been telling me all these years. Time passes much too quickly. While in my head I still feel like that quiet, timid first-year with four years of classes ahead of me, in reality those four years have already passed me by. Those four years have passed us all by.

The bright side to those speedy past four years is that they do not only hold the classes I took and the grades I got. Those years hold friendships, lessons, loves, hates, memories, and even pains that have pushed me to grow. I am better, stronger, and wiser for all that I have encountered during my time on Saint Michael's campus. I am willing to bet that most of you would say the same.

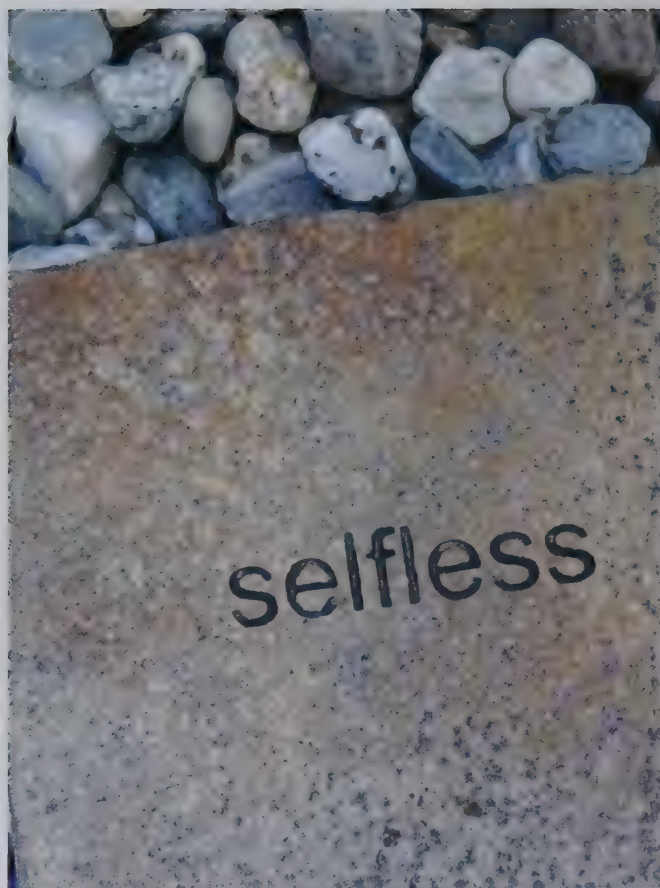

This yearbook is an attempt to commemorate the years we have spent together at Saint Michael's College, most specifically our last year. So as the years start to pass and take their toll on our bodies, they may never take a toll on our memories, because they will be here waiting for us in these pages. Look at your friends smiling back at you; look at the team you were apart of; look at the event you helped plan or the talent show you were brave enough to perform in. And in these next couple years as you continue your life, wherever you may be, whatever you might be doing, you can take out this book and see the people who shared these college years with you and helped get you to wherever you find yourself going.

Just the other day I assured my grandfather I would not get any older as I helped prepare for my sister's baby shower; my first niece. I cannot stop time, nor can I control what it will bring, but I know my heart will forever be young and I will keep it that way by always revisiting the memories and friends who have kept me smiling all along. I can only wish the same for you. I hope you never forget, love like a roar, and live like each moment will be a memory to keep.

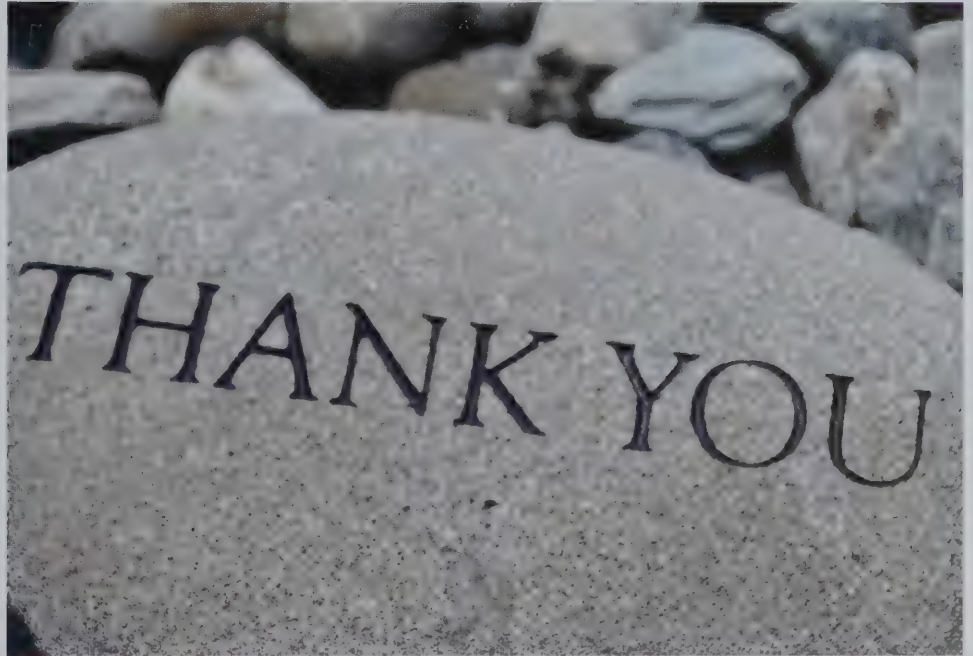

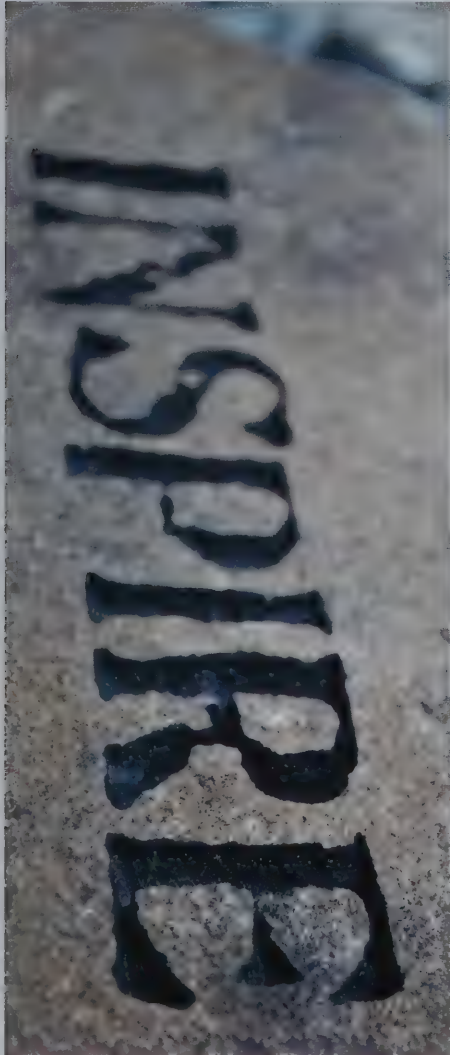

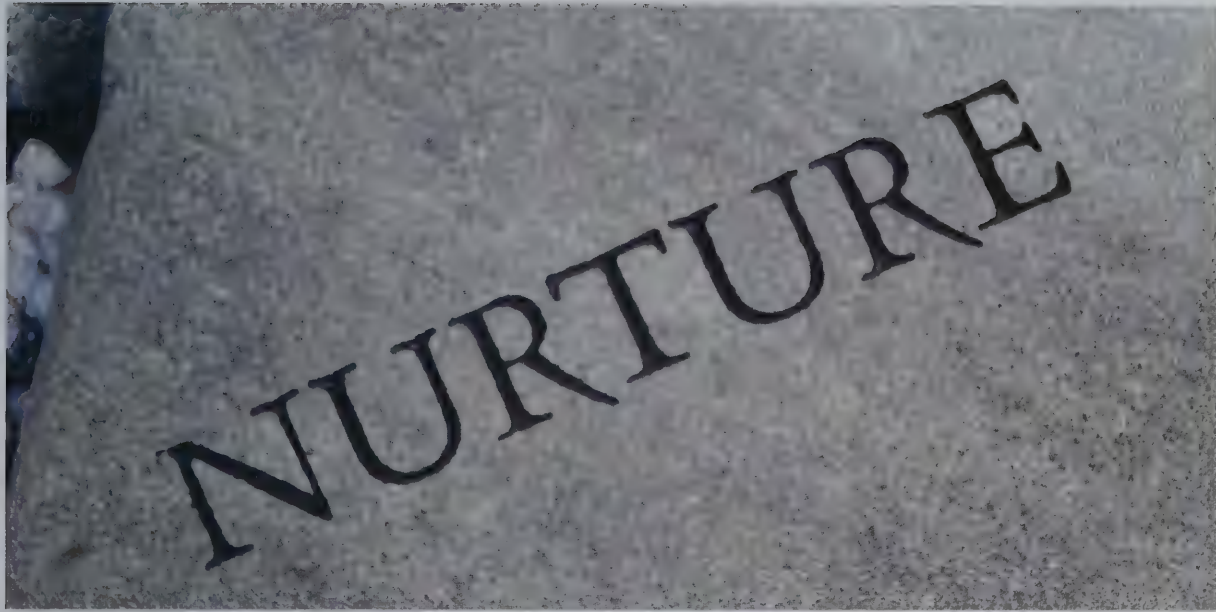

Your editor,  
Jackie Chisholm

Dear Lauren,

We are so very proud of you!

When you were a little girl you would look  
at the world and ask,

"Why does that happen?"

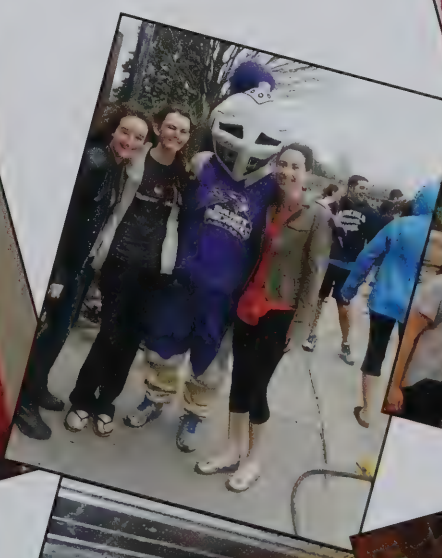

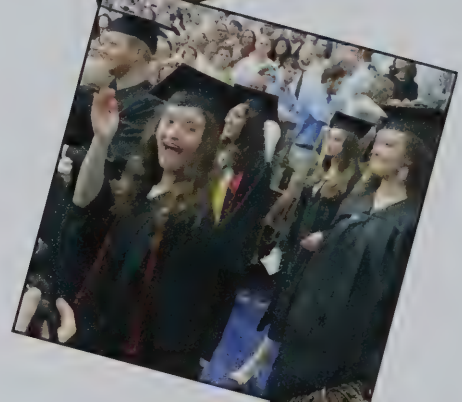

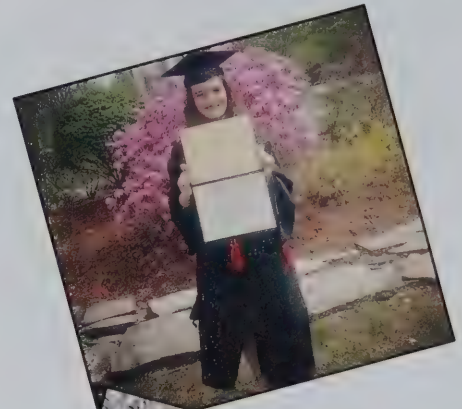

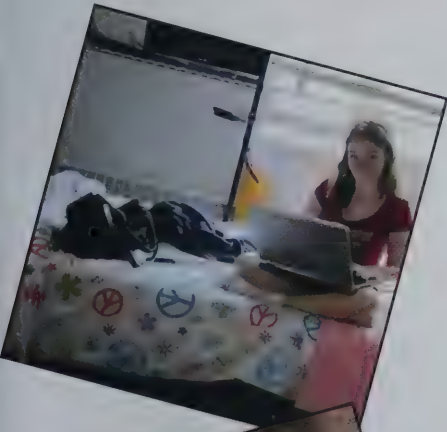

Through your teen years and now early  
twenties, you look at the world and ask,

"How can I make it better?"

Keep following your own path and at 70  
you'll say,

"I made a difference!"

Love you always,
